

# Cuyahoga County Police Chiefs Association

## 2020 Membership Roster

### INTRODUCTION

All of the files contained in this Roster are .pdf files and can be downloaded in total or selectively onto your computer, tablet or cell phone for quick access. We would particularly recommend downloading Sections H. and I. to your cell phone so that you have immediate access to members' phone numbers and e-mail addresses. Selected files can also be printed if you desire to have a printed copy of a particular file on hand. Members may also utilize this document to construct their own master email list to enable individual or group emailing.

We will continue to use exclusive email distribution of this document so that we can provide extensive information at almost no cost. The complete Membership Roster is also available on our website.

Near the end of the roster document is an information update form. Please print and submit this form anytime any of your contact information changes, especially your email address, so that the roster can be kept current and you continue to receive your monthly Chiefly Chatter newsletter as well as emails of interest directed to the membership from the Cuyahoga County Police Chiefs Association Google Group.

The last page of the roster is a Membership Application that can be printed and given to prospective members.

Although we cannot include the CCPCA website in this document it is an important source of current Association information. Please take the time to look it over and utilize it regularly. The website URL is [www.ccpcachio.com](http://www.ccpcachio.com).
