

Cuyahoga County Police Chiefs Association

2021 Membership Roster

INTRODUCTION

Almost all of the files contained in this Roster are .pdf files and can be downloaded in total or selectively onto your computer, tablet or cell phone for quick access. We would particularly recommend downloading Section H. to your cell phone so that you have immediate access to members' phone numbers and e-mail addresses. Section H. CCPCA Member Roster, has been published this year as an Excel file to permit list restructuring to each individual member's requirements. Members may utilize this document to construct their own master email list to enable individual or group emailing. Selected files can also be printed if you desire to have a printed copy of a particular file on hand.

Near the end of the roster document is an Information Update Form, Section M. Please print and submit this form anytime any of your contact information changes, especially your email address, so that the roster can be kept current and you continue to receive your monthly Chiefly Chatter newsletter as well as emails of interest directed to the membership from the Cuyahoga County Police Chiefs Association Google Group.

Section N. Membership Application can be printed and given to prospective members.

Also see added Section O. CCPCA Google Group Rules and Procedure Guide.

We continue to use exclusive email distribution of this document so that we can provide extensive information at almost no cost. The complete Membership Roster is also available on our website.

Although we cannot include the CCPCA website in this document it is an important source of current Association information. Please take the time to look it over and utilize it regularly. The website URL is www.ccpcachio.com.
